The City's public school system, accredited since 1917, has six schools, two of which are for Negroes, all operating for a full nine months term with the High Schools providing twelve grades. In the teachers staff are employed a higher percentage of instructors holding Master's Degrees than in any other community in the State. In addition to regular subjects taught, the City School System has recently added a Technical High School offering varied courses for which the best of equipment is provided.

COLLEGE: East Carolina Teachers College, a state Institution, is located in Greenville. able factor in the City's educational and cultural life.

Educational facilities in Greenville provide opportunities for youth training from Kindergarten through a Master's Degree from college.

NEWSPAPERS: The Daily Reflector, published every afternoon except Sunday, provides excellent coverage of the immediate area.

TRANSPORTATION is provided by two railroad lines, the Atlantic Coast Line and the Norfolk-Southern, in addition to several motor freight lines. Supplementing the rail and motor freight facilities, seven hard-surfaced highways leading in all directions from Greenville, provide charter operators of motor trucks with safe avenues for operation in every direction. There are three passenger bus lines.

WATER TRANSPORTATION is provided by the Norfolk, Baltimore and Carolina Line which serves the Greenville Port Terminal connecting with boat lines at Norfolk, Virginia, for eastern ports, and at Wilmington and Morehead City, North Carolina, and Charleston, South Carolina, for ports in the South and the Gulf. Greenville is the most inland port in North Carolina having a channel twelve feet deep and one hundred feet wide over which is operated regularly scheduled boat transportation.

THE AIRPORT (C.A.A. Class 4), owned jointly by the city and the county and embracing an area of over seven hundred acres, with three five thousand foot paved runways, is one of the best municipal fields in the Southeast. Following the war, regular passenger, freight, and express air service was inaugurated.

COMMUNICATION facilities include Western Union Telegraph, the Carolina Telephone and Telegraph Company with a modern dial system, and nine incoming and eight outgoing mails daily.

RADIO STATION W.G.T.C., Greenville's locally owned radio station, the most modern in this section, serves a wide area of Eastern North Carolina, providing entertainment, news, and a publicity service of the highest type.

BANKING facilities are provided by two strong institutions, one operating branches in Greenville and other Eastern Carolina cities. Combined deposits in Greenville total \$23,236,934.82, with combined resources of \$24,876,777.67. The First Federal Savings and Loan Association and The Home Building and Loan Association, with combined deposits of \$1,257,013.31, are important factors in residential construction and financing.

MARKETS: As an agricultural marketing center, Greenville is outstanding, being located in the center of a highly productive area, embracing a population within a 50 mile radius of 543,000.

The Greenville Tobacco Market is one of the largest in the nation, and is one of the two that have five sets of buyers. Its ten mammoth auction warehouses, together with its processing plants, embrace an area of over two million square feet of floor space devoted to the handling of Bright Leaf flue cured tobacco. All major tobacco companies are repre-

sented on this market, providing the competition so desired.

Markets are provided for all farm crops produced in the area, including cotton, potatoes, sweet potatoes, corn, livestock, poultry and eggs. Greenville is the home of one of Eastern Carolina's largest firms buying cattle and hogs.

As a retail trading center, Greenville rightly deserves its designation, "Eastern Carolina's Shopping Center," and its retail stores with an annual volume of nine million dollars, carry all items necessary for the needs of the citizens in the area.

In wholesale distribution, Greenville with a volume of over 45 million dollars yearly ranks sixth in the State. ("Copyright 1942 Sales Management Survey of buying power; further reproduction not licensed.") Greenville is a distribution center for Eastern Carolina.

INDUSTRIES, include eight tobacco processing plants; cotton yarn mill; three lumber plants; three fertilizer plants; a brick plant; five soft drink plants; a milk pasteurizing and ice cream plant; four laundries, with dry cleaning departments four plants doing dry cleaning exclusively; chick hatchery; three florists; two bakeries; marble works; four commercial printing plants; a daily newspaper plant two drug manufacturers; two sheet metal works; three machine works; full fashion hosiery mill; a meat packing plant and abattoir; a sweet potato grading, waxing and packing plant, a livestock feed mill, and a plastic products plant.

TAXES in Greenville and Pitt County are among the lowest in the State, due to good business management of the officials. The City tax rate for 1946 is \$1.00 per \$100.00 assessed valuation. The total assessed valuation in Greenville is \$11,788,916.00.

The county tax rate is 65 cents per \$100.00 assessed valuation and the total assessed valuation is \$37,703,182.00. Property in the city and county is listed for taxation at approximately two-thirds value.

Ranks 59th in the first 100 counties in the nation in agricultural production and farm income. The largest bright leaf tobacco county in the world—1939 crop, 48,545,162 pounds. Pitt County markets selling in 1939, 109,072,234 pounds, ranked first for flue cured tobacco.

Ten growing progressive towns exclusive of Greenville, the county seat and principal commercial and educational center, are located in the county. These are Farmville, Ayden, Bethel, Winterville, Grifton, Grimesland, Falkland, Fountain, Pactolus, and Stokes.

The County School System embraces 13 consolidated units for whites, and 50 schools for colored, with a total enrollment of 14,000 students.

Investment in school plants and equipment totals more than \$1,000,000.00. All white units are State Standard.

Pitt County's interest in the citizenship is evidenced by its liberal support of the following agencies: Agricultural and Home Demonstration Departments in promotion of Farm Production, Marketing, and Home Making; Health Department in the protection of health; and a County Welfare Department in the preservation of the welfare of the citizenship.
